

UPCOMING SESSION

Funding Fundamentals: An Introduction to Writing Research Proposals

29 / 30 April 2024 (depending on your location)

[Click here to see your local session time.](#)

Your university is a member of the [Worldwide Universities Network](#) (WUN). WUN brings together 23 leading comprehensive research universities in a collaborative partnership to advance research and education on major global challenges. Capitalising on the geographic and cultural diversity of members across six continents, WUN enriches their shared experience, and brings together constellations of

talent to address problems of real significance.

As part of its commitment to nurture research talent, WUN offers early career researchers (ECRs) from member universities webinar-based training sessions on transferrable skills related to their career development, and to provide a platform for ECRs to meet colleagues from around the network.

SESSION TOPIC

Funding Fundamentals: An Introduction to Writing Research Proposals

SESSION TIME

29 or 30 April (depending on your location)

[Click here to see your local session time.](#)

TOPIC SUMMARY

Developing a funding proposal can be confusing if you've never done it before. You may have a brilliant idea, but how do you develop it into a proposal that will excite the reviewers and get your research funded?

In this session, we'll help you start the process of developing your initial idea. We'll consider the What, Why and How of a funding proposal:

- Explaining **what** you're planning to do
- Clarifying **why** your idea is important
- **How** you'll do the research

You'll learn more about what makes a strong funding proposal, get a chance to chat with other early career researchers, and start developing your initial ideas into something more concrete. We'll also provide you with additional resources to take away and develop your idea further.

SESSION LED BY

Dr Taryn Bell, University of Leeds

WHO CAN JOIN?

All early career researchers from WUN member universities are welcome to join.

DEADLINE FOR REGISTRATION

25 April 2024

Participants must register using a valid WUN member university email address. Registrations that do not use a WUN member university email address will not be confirmed.
